Open Ended Questions (FRQ)

Q9. Prove that

$$0.\overline{9} = 1$$

using a geometric series and show your work.

Q10. Graph the rational numbers

$$-\frac{5}{6}, -0.8, \frac{1}{3}, 0.5$$

on a number line and label each point. Show your scale.

Chef's Tips

- Emphasize that the format of the response is crucial for FRQ questions.
- Highlight the importance of explaining the reasoning behind the answer.
- Encourage the use of diagrams and visual aids where necessary.
