Open Ended Questions (FRQ)

- Q9.** A band's album sales increased from 2000 to 2800 in a year. Calculate the percent increase in album sales.
- Q10.** A photographer's website has 1500 visits per month. If the website's traffic increases by 20% in the next quarter, calculate the new number of visits per month.

Chef's Tips

- Use the percent increase formula: $\frac{New - Old}{Old} \cdot 100\%$
- Check the units of the answer
- Read the question carefully to understand what is given and what is asked
