

Unit: 6 Unit 6: Systems of Linear Equations and Inequalities

Topic: Applications of Systems (Word Problems)

Name: _____

Date: _____

Foundation (Jalapeno)

Open Ended Questions (FRQ)

Q9. A school is planning a field trip to an amusement park. The bus rental costs 150, *and each ticket to the park costs 20*. If the school has 500 *to spend on the trip, and they want to take 15 students, how many chaperones can they bring along? Show your work and explain your answer.*

Q10. A bakery sells a total of 250 loaves of bread per day. They sell a combination of whole wheat and white bread. If they make 2.50 *per loaf of whole wheat bread and 2.00 per loaf of white bread, and they want to make a total of 600 per day, how many loaves of each type of bread can they make?*

Chef's Tips

1

- Tip 1: Make sure students show their work and explain their answers.
- Tip 2: Encourage students to check their units and ensure they are answering the question asked.
- Tip 3: Remind students to read the questions carefully and not to make assumptions.
