

Advanced (Carolina Reaper)

Open Ended Questions (FRQ)

- Q9.** A water tank can hold 2400 gallons of water. If 1200 gallons of water are already in the tank, what percentage of the tank is filled? Show your work and explain your reasoning.
- Q10.** A group of friends want to go on a road trip that is 270 miles long. If they drive at an average speed of 45 miles per hour, how many hours will it take them to complete the trip? Additionally, if they leave at 8am, what time will they arrive at their destination? Show your work and explain your reasoning.

Chef's Tips

1

- Tip 1: Encourage students to read the questions carefully and use the correct units.
- Tip 2: Remind students to show their work and explain their reasoning for the free response questions.
- Tip 3: Consider providing additional support for students who struggle with the concepts of integers and percentages.
