

Advanced (Carolina Reaper)

Open Ended Questions (FRQ)

Q9. Write the number 945 in expanded form. Then round 945 to the nearest hundred.

Q10. A person wants to buy a book that costs \$25 and a toy that costs \$17. If they have \$42, how much more money do they need to buy both items?

Chef's Tips

1

- Chef's Tips: Make sure students understand the concept of place value and how it applies to various real-life scenarios.
- Chef's Tips: Remind students to read the questions carefully and use the units and context to help with calculations.
- Chef's Tips: Encourage students to check their work and use estimation to verify their answers.
